dg-knitting.com stopped using Cloudflare's nameservers and no longer benefits from our network

Cloudflare detected that this domain now uses these nameservers:

- ns71.domaincontrol.com
- ns72.domaincontrol.com
- [not set]
- [not set]
- [not set]

What happens if I don't do anything?

Your domain is now in a "moved" state. Unless it has an active paid subscription, dg-knitting.com will be automatically deleted after 7 days.

Was this a mistake?

Simply log in to your registrar or DNS provider and delegate dg-knitting.com to the following Cloudflare nameservers. Once that's done, log in to [your Cloudflare account](#) and check dg-knitting.com's status.

- algin.ns.cloudflare.com
- sarah.ns.cloudflare.com
